

UNC-Wilmington Textbook Collection

The college periodically receives primary and secondary level textbooks from UNC-Wilmington's Curriculum Materials Center (<http://library.uncw.edu/web/curriculummaterials/index.html>). These books cover many subjects and are available mainly to UNCW education majors, but may also be used by Coastal students.

New additions are classified using the *Textbook Classification Scheme* devised by the U.S. Department of Education. This is the same classification used by the Curriculum Materials Center (CMC) at UNCW's Randall Library.

Materials are sorted by:

- Line 1: Subject heading
- Line 2: Publisher and grade level
- Line 3: Year of publication
- Line 4: Edition

Example

For *General Science, Grade 6, Teacher's Edition*, published by McGraw-Hill in 2005, the call number is:

**J.1
MGH6
2005
T.E.**

**U.S. Department of Education
