Substance Abuse

Counselor Certification

The Division of Continuing Education at Coastal Carolina Community College offers courses that are approved through the North Carolina Substance Abuse Professional Practice Board (NCSAPPB). The Fundamental Skill Series for Substance Abuse Counselors may be used toward the NC-SAPPB Certification.

A large number of people who are seeking entrance into the substance abuse counseling field, currently employed counselors who need the training hours for certification or re-certification, and family members of people in recovery who are seeking information, take Coastal's courses.

**For specific information
about state certification, contact**
