An Introduction

Coastal Carolina Community College Foundation, Inc.

To help ensure the purpose and objectives of the College, Coastal Carolina Community College Foundation, Inc., was formed to provide financial and other support beyond that which can be obtained through normal sources. State and local allocated funds sustain the basic costs of the College, but such funds never meet all the needs for facilities and educational and cultural opportunities. Because of limitations on normal sources, the College must look for private donor support.

Uses and Procedures

Uses of Funds

Coastal Carolina Community College Foundation, Inc., was established to provide private financial assistance for buildings, programs, and activities of the College which promote the objectives of the College. While the current major objective of the College Foundation is to provide scholarships for Coastal's students, funds may be used to support or promote activities including but not limited to capital outlay, procurement of special equipment, development of special facilities, support of the College library, and professional development for staff and faculty.

Procedure for Giving

Persons interested in providing private assistance to Coastal Carolina Community College or in obtaining additional information about the College or the College Foundation are encouraged to contact the Executive Director of the College Foundation at 910.938.6234 or 910.938.6792. Opportunities for large or small gifts to the College are almost unlimited and can be readily tailored to fit the situation or desires of the individual donor.

The Edward H. and Elvin O. Smith Textbook Fund

In 1999, the College Foundation received a gift of \$100,000 from Mr. Edward H. Smith, Jr., a retired Coastal History Instructor, given in memory of his parents, to create The Edward H. and Elvin O. Smith Textbook Fund. The purpose of this unique gift to Coastal was to create an invested endowment, with its interest income used to purchase textbooks for Coastal students enrolled in college transfer programs. Each year the College Foundation buys hundreds of textbooks for students to borrow for use during each semester. Students must sign an agreement to return all borrowed textbooks at the end of the semester for which they are used so that other students can benefit from these purchases.

The College Foundation would like to thank Mr. Smith for his personal investment in our community college students.

Applications for the Smith Book Fund are available in the College Foundation Office in the Henderson Administration Building.

Endowed Scholarships

The following scholarships are funded through endowment accounts donated by individuals, civic clubs, and private businesses. A scholarship endowment account can be created with a minimum gift of \$10,000.00. The principal amount, donated to establish an endowment, is never reduced, and only the interest income is used to fund annual student scholarships.

ABA Rental Properties Scholarship

1. Must be a full-time student.
2. Must show evidence of need and/or academic achievement.
3. Must maintain a GPA of at least 2.0.
