Coastal Carolina Community College students need your support to make a college education a reality!

For more than 80% of Coastal students, financial assistance is necessary to continue their education. These students make many sacrifices to better the lives of themselves and their family.

Each day students are attempting to enroll in courses unsure of the monies they will have available for tuition, books, fee and daily living expenses. Every student’s story is different, but the one constant is that they want a college education.

Today we ask that you make a difference by making a gift to the College Foundation!

“I am grateful for the opportunity to go to college, and having a college close by is great as well. With this scholarship, I hope to make a difference someday, and will be able to say that Coastal Carolina Community College helped me to do so.” — Hillary Lawas ’15
Supporters of the College Foundation often ask, how can my gift make a difference for a Coastal student. The answer is simple; your gift is the one gift that makes a college education possible for a Coastal student. Gifts through the foundation provide tuition assistance, textbook loans and emergency aid.

During the 2013-14 academic year, the Foundation had the privilege of helping over 100 Coastal students. Listed below are the details of the students who received assistance:

**Applicants**
- 241 students applied for Foundation scholarship
- 120 students were awarded scholarships

**Recipients**
- 74 Students received no other financial assistance toward their college education.
- 46 Students received additional financial assistance, but not in the amount to cover the expense of tuition and books within their program of study.
- 75 Students maintained a cumulative grade point average of 3.0 or higher.
- 120 Students could not have attended Coastal Carolina Community College without your support!

In addition to financial assistance, the College Foundation office has a unique opportunity to provide textbook loans to Coastal students. During the fiscal year over 400 textbooks were provided to students who could not afford their books for class.

“Your help gave me the ability to meet my educational goals and make a difference in my community.” — Christopher Wooley ’16
Growing up in an underprivileged home, I honestly thought that higher education was only for the privileged. It’s organizations like the College Foundation that invest in people like me by providing opportunities for the underprivileged to succeed in their educational endeavors.

I am extremely thankful that the College Foundation has given me the opportunity to learn, grow, and succeed. Without the College Foundation, I would be in a much tougher position in life and would not be able to pursue my educational goals or my personal goal of providing free health care to Eastern North Carolina’s underprivileged population. This scholarship is a great motivator, knowing that faculty, staff, and other members of the community are willing to give people in my situation a chance to succeed in life. Receiving the help from the College Foundation has shown me the value of giving and proved to me that people are willing to “Invest in tomorrow”.

“I am extremely thankful that the College Foundation has given me the opportunity to learn, grow, and succeed.” — Cornelius Crittenden ’16
The following scholarships are funded through endowment accounts donated by individuals, civic clubs, and private businesses. A scholarship endowment account can be created with a minimum gift of $10,000. The principle amount, donated to establish an endowment, is never reduced, and only the interest is used to fund annual student scholarships.
