Coastal Carolina Community College

Equal Education Opportunity and Equal Employment Opportunity Policy

Coastal Carolina Community College (Coastal), in compliance with and as required by Title IX of the Education Amendments Act of 1972 and its implementing regulations (Title IX) and other civil rights laws, as well as in furtherance of its own values as a higher education institution, does not discriminate on the basis of race, color, national origin, sex, sexual orientation, gender, gender identity, gender expression, pregnancy, disability, age, religion, veteran status, or any other characteristic or status protected by applicable local, state, or federal law in admission, treatment, or access to, or employment in, its programs and activities.

Discrimination and harassment are antithetical to the values and standards of the Coastal community; are incompatible with the safe, healthy environment that the Coastal community expects and deserves and will not be tolerated. Coastal is committed to providing programs, activities, and an education and work environment free from discrimination and harassment. Coastal is also committed to fostering a community that promotes prompt reporting and fair and timely resolution of those behaviors.

In appreciation for their service to this state and country during a period of war, and in recognition of the time and advantage lost toward the pursuit of a civilian career, all eligible veterans as defined in G.S. 128-15 shall be granted preference in hiring decisions to the extent allowed by statute.

It is the policy of this institution not to discriminate on the basis of sex in the admission requirements, educational programs, activities, or employment policies as required by Title IX in the Educational Amendments of 1972.

In conformance with the provisions of the Rehabilitation Act of 1973, and other applicable laws and regulations, Coastal Carolina Community College will not discriminate against any student, employee, or applicant for admission or employment because of physical disabilities.

The main campus of Coastal Carolina Community College has been designed with the elimination of physical obstacles so that all buildings, washrooms, laboratories and classrooms are readily accessible to and usable by those with physical disabilities.

Any student or applicant for admission with a disability who wishes to request some accommodation must contact the Admissions Office and ask for the Accommodation Request Form. If accommodation is not requested in advance in order to provide the College sufficient and adequate time to meet the student or applicant's needs, Coastal Carolina Community College cannot guarantee the availability of a reasonable accommodation when it is needed.

Any employee or applicant with a disability who wishes to request some accommodation must contact the Office of Personnel Services and Workplace Safety and ask for the Coastal Carolina Community College Accommodation Request Form. This form should be supported by medical, psychological, or other appropriate documentation. Once the request is completed and submitted to the Office of Personnel Services and Workplace Safety, the Director will work with the appropriate Vice President to develop an accommodation plan through interaction with the requestor, seeking consultation as necessary. If an accommodation that is within the resources of the College can be provided, components of the plan will be developed in accordance with the specific needs of the applicant/employee based on the documentation submitted. The decision on whether an accommodation will be made is determined by the President or his designee.

Any student or prospective student who believes that discrimination has limited any educational opportunity, or any College employee who believes employment rights have been denied on the basis of discrimination, or any individual who desires information concerning this policy should contact the following designated responsible employee: Affirmative Action Officer and Title IX Coordinator, Henderson Administration Building, (910) 938-6788.

Applying to the
Dental Hygiene Associate Degree Program

General Program Information

Accreditation

Southern Association of College and Schools Commission on Colleges

Coastal Carolina Community College is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to award associate degrees, diplomas, and certificates. Questions about the accreditation of Coastal Carolina Community College may be directed in writing to the Southern Association of Colleges and Schools Commission on Colleges at 1866 Southern Lane, Decatur, GA 30033-4097, by calling (404) 679-4500, or by using information available on SACSCOC's website (www.sacscoc.org).

American Dental Association Commission on Dental Accreditation

Coastal Carolina Community College's Dental Hygiene Program is accredited by the American Dental Association Commission on Dental Accreditation and has been granted accreditation without reporting requirements.

The Commission on Dental Accreditation will review complaints that relate to a program's compliance with the accreditation standards. The Commission is interested in the sustained quality and continued improvement of dental and dental-related education programs but does not intervene on behalf of individuals or act as a court of appeal for treatment received by patients or individuals in matter of admission, appointment, promotion or dismissal of faculty, staff or students.

A copy of the appropriate accreditation standards and/or the Commission's policy and procedure for submission of complaints may be obtained by contacting the Commission at 211 East Chicago Avenue, Chicago, IL 60611-2678 or by calling 1-312-440-4653.

Things You Should Know Before You Apply

Upon acceptance into the Coastal Carolina Community College Associate Degree in Dental Hygiene Program, you will be required to:

- Have a physical exam and complete a Student Medical Form documenting a level of physical and emotional health consistent with the ability to practice dental hygiene in an entry-level clinical setting.
- Complete an eye exam with an optometrist/ophthalmologist.
- Document that you have had several required immunizations specified on the Student Medical Form.
- Be screened on admission and annually for tuberculosis.
- Obtain and maintain current certification in American Heart Association's Basic Life Support for Health Care Providers (often referred to as BLS or CPR).
- Travel at your own expense to clinical locations when necessary in order to complete clinical requirements of the program.
- Be a clinical patient for your classmates and be responsible for finding clinical patients to meet program requirements.
- At your own expense, have criminal background check and urine drug screening.

Students in the Dental Hygiene Program are required to abide by the Dental Department's Student Appearance Policy. This policy, which will be discussed further during the Information Session, provides details about what is expected in the classroom, pre-clinic, clinic, and lab settings. Students will be provided with greater information about general hygiene expectations as well as guidelines for jewelry, nail art, and body art. The Student Appearance Policy also contains requirements designed to protect students' health and safety, such as wearing personal protective equipment and appropriate footwear, securing long hair, preventing contamination, and displaying identification tags.

Before visiting military clinical sites, Dental Hygiene students will be required to have a criminal background check. These are needed to obtain access to the military clinics. The results are provided only to our affiliated clinical agencies. College administration and faculty are not, at any time, allowed to view the criminal background results. Results do not affect admission decisions; however, it is possible that the results may prevent the applicant from participating in the clinical rotations and from continuing in the program.

The Boards of Dentistry in all states also require fingerprints and a criminal background check prior to issuing a license to practice dental hygiene. A history of felony or misdemeanor convictions could result in denial of a license to practice dental hygiene.

				Algebra	48	Elementary Algebra	41			Math	22	Elementary Algebra	55

NOTE: For applicants using course completion to meet placement, both an English and mathematics option must be completed to meet the eligibility requirements, and applicants who are unsure whether or not they meet either the English or the mathematics standards should meet with an Academic Advisor/Counselor. Applicants taking a placement test at a location other than Coastal Carolina Community College must submit official test scores prior to meeting with an Academic Advisor/Counselor to complete an Eligibility Application.

Dental Hygiene Program Requirements for Eligibility – Level 2

7. Individuals who have met Level 1 eligibility requirements will need to meet with any Academic Advisor/Counselor in the Student Center on Coastal's main campus to complete an Eligibility Application. Please arrive no later than 30 minutes before closing.
 - Verification of points is completed **after** the application period has ended. Academic Advisors/Counselors will not be verifying points when meeting with the applicant to complete the Eligibility Application.
 - If an applicant currently resides at least 200 miles outside of Jacksonville, North Carolina, they must contact the Academic Advisor/Counselor designated for the Dental programs at (910) 938-6248 before January 26, 2024 to discuss other arrangements.
8. Submit documentation to earn additional points (see deadlines listed in *Important Dates*).
 - Any documentation for additional points that is received after the given deadline, regardless of the date postmarked, will not be considered.
9. Complete the Health Education Systems Incorporated (HESI) A² exam (no later than January 24, 2024) and earn at minimum the following scores:

Subject Area	Minimum Score	Minimum Average Score
Reading Comprehension	75%	75%
Grammar	75%	
Vocabulary	75%	
Mathematics	75%	

If an applicant chooses to take the test at a site other than Coastal Carolina Community College, the official scores must be sent from HESI and received no later than January 26, 2024. See the *HESI Exam Details* page for additional information.

10. Ensure updated transcripts for courses completed in the Fall 2023 semester (if applicable) are on file at Coastal Carolina Community College by January 26, 2024.
 - Please be aware that if an applicant is completing the math or chemistry course required to apply during the Fall 2023 semester, and the transcript is not on file at Coastal by the deadline (regardless of the date postmarked), the applicant will be ineligible to be considered for the 2024 Dental Hygiene Program.

HESI Exam Details

Content

- Students will be tested in the following areas: reading comprehension, grammar, vocabulary, and math.

Availability

- The HESI exam may take up to four hours. The exam is available Monday – Thursday (8:00 a.m. or 1:00 p.m.) or Fridays (8:00 a.m.), on Coastal's main campus. Available appointment times are viewable two weeks in advance. The testing schedule is subject to change.

Registration and Payment

- Applicants must register and pay online for the HESI exam ahead of time by setting up an Evolve/Elsevier account. The estimated cost of the exam is \$50, but it is subject to change. A study guide is available for purchase in the College Store.
- Payment must be completed at least 24 hours in advance of the testing appointment.
- Applicants will obtain the payment link from an Academic Advisor/Counselor after completing their Eligibility Application.

Schedule an Appointment

- Applicants should schedule an appointment with the Testing and Placement Center through the Admissions page of Coastal's website (click on the Placement Testing tile).
- If an applicant must cancel the appointment, they must notify the Testing and Placement Center at least 24 hours in advance. Failure to do so may result in an applicant being unable to make another appointment.
- Due to limited testing space, if an applicant misses or cancels two appointments, they will not be able to reschedule for two weeks after the last missed or cancelled appointment.

Scores

- Official scores will be available 48 hours after testing and may be viewed through an Evolve/Elsevier account.
- If an applicant decides to test a second time, they must pay the exam fee again (through a payment link obtained from an Academic Advisor/Counselor).
- Applicants may take the HESI twice in an eligibility period (September 1, 2023 – August 31, 2024) at Coastal Carolina Community College. It is the applicant's responsibility to ensure they have earned the required HESI exam scores and that they have been received by the College by the January 26, 2024 deadline.
- HESI scores must be completed within three years prior to entering the program to be valid for the application process (in or after August 2021).

Off-Site Testing

- It is the applicant's responsibility to locate an alternate testing site. Coastal does not have a testing ID to provide to other sites.
- If a student tests at another site, they must request an official transcript to be sent directly to Coastal (through the HESI website) for an additional fee.

Remote/Virtual Testing

- A virtual testing option is available and subject to an additional fee. Please see an Academic Advisor/Counselor for more information.

Americans with Disabilities Act (ADA) Accommodations

- Questions about ADA accommodations may be addressed by contacting the Coordinator for Disability Support Services at (910) 938-6331 or adasupport@coastalcarolina.edu.

Ranking and Selection of Dental Hygiene Qualified Applicants

Coastal Carolina Community College has a limited number of spaces available in the Dental Hygiene Program. Every year, the College receives applications from more qualified candidates than the program can accommodate. In order to be as fair as possible in making admission decisions among so many qualified applicants, Coastal has instituted a point system for ranking applicants.

Applicants will be awarded points for grades received in specific Dental Hygiene related courses based on the point system that best fits their profile. Courses taken for points must be completed by the end of the Fall 2023 semester.

Point Systems

There are two point systems:

- **Point System A** – College classes
- **Point System B** – High school classes

Points will be awarded for classes completed with a grade of C or higher. Grades of C- will not receive points. Additional points may be awarded for completing ACA 111 College Student Success or ACA 122 College Transfer Success with a grade of A.

Additional points may also be awarded for a student's Dental Assisting Program GPA, current Dental Assistant Certification, and full-time chairside dental assisting work experience.

Points Verification

The tabulation of points is completed after the January 26, 2024 deadline to submit documentation. Points verification letters will be mailed to eligible applicants by February 12, 2024. Eligible applicants will be given a specific time frame to be able to question or request a review of the calculated point total. After that time, point calculations are considered accurate and final and will not be recalculated.

Accepted Students

Up to 18 of the highest ranking applicants will be *accepted* into the Dental Hygiene Program.

- In the event that applicants have the same number of points, the HESI total score will determine ranking.
- If there is still a tie, the applicant submitting their Dental Hygiene application first will be ranked higher (date and time will be recorded on the Eligibility Application form).

Applicants will also receive an Agreement form. This form must be signed, dated, and returned by the deadline indicated in the letter and on the form. Failure to submit this form by the deadline, regardless of the date postmarked, will result in placement at the bottom of the alternate list.

Once an applicant accepts admission for any 2024 Allied Health program at Coastal Carolina Community College, all applications on file for any other 2024 Allied Health programs at Coastal will be cancelled.

An applicant who, for any reason, does not enter the 2024 Dental Hygiene Program must reapply for the 2025 program, attend a 2025 Dental Information Session, and meet all admission requirements to be considered for the 2025 Dental Hygiene Program.

Alternates

All remaining qualified applicants will be placed on the alternate list. Should a space become available prior to the start of the program, the next qualified alternate will be notified.

Notification

The following letters will be mailed to qualified applicants by March 4, 2024:

- **Acceptance letter** – Up to 18 highest-ranking applicants
- **Alternate letter** – next group of up to 18 highest-ranking applicants
- **Denial letter** – all other qualified applicants

It is every applicant's responsibility to notify the Admissions Office as well as the Academic Advisor/Counselor designated for the Dental programs of any address and/or phone number changes.

Point System A

Points are awarded for grades received in college-level courses within the Dental Hygiene Program.

(73 points possible for all eight related college courses)

Applicants are **not** required to complete these courses prior to beginning the program. However, it is helpful to the applicant's overall ranking to have completed as many of these courses as possible by the end of Fall 2023.

Applicants may be awarded points for equivalent courses completed at another accredited college with a grade of C or higher. Grade points will be valued according to Coastal Carolina Community College's grading scale and will be awarded by the letter grade on the transcript. **In order for these courses to be considered for points, transcripts must be received by 5:00 p.m. on January 26, 2024.**

Submission of AP or CLEP scores satisfies requirement for the course, and applicants may submit scores for points or take the course for points **but may not receive points for both.**

Additional Points for Point System A

Dental Hygiene applicants may earn additional points for the following:

- Completion of (or current enrollment in) an American Dental Association accredited Dental Assisting Program
- Work experience
- Current Dental Assisting National Board certification
- Completion of ACA 111 College Student Success or ACA 122 College Transfer Success
- HESI exam scores

Dental Assisting Program Enrollment or Completion

Graduates

- Final cumulative GPA

Currently Enrolled Students

- The fall semester GPA will be used for currently enrolled Dental Assisting students in an American Dental Association (ADA) accredited program if all of the courses required in the catalog for the fall semester have been successfully completed with a grade of C or higher. All DEN courses and related courses completed by the end of the fall semester will be counted in the GPA calculation only for the Dental Assisting fall semester.
- Any points received for the fall GPA will be revoked if the applicant does not graduate from the Dental Assisting Program. Revoking these points could result in removal from the Dental Hygiene acceptance list.
- In the event an applicant has completed and graduated from an ADA accredited Dental Assisting program, equivalent to the Dental Assistant II level, and the institution awarding the diploma/certification does not indicate a final cumulative GPA *or* if the applicant has completed and graduated from an ADA accredited Dental Assisting program and their final cumulative GPA is below a 3.00, two points will be awarded.

GPA	Points
3.75 – 4.00	14
3.50 – 3.74	9
3.00 – 3.49	5
<3.00	2

ACA 111 or ACA 122

Applicants who complete ACA 111 College Student Success or ACA 122 College Transfer Success with an A in the course will earn two additional points.

Point System B

Point System B applies to applicants who:

- are still enrolled in their senior year of high school **OR**
- graduated 2021 or later and have not yet completed all classes in Point System A.

High school course work may be submitted for points only if the course is worth 1 credit.

If the student will have completed all of the related courses by the end of Fall 2023, Point System A must be used for their application.

Points are awarded for grades received in the following high school courses for the Dental Hygiene application:

High School Courses	Point Value For Course Grade	
	A	B
Biology	9	5
Advanced Biology OR Physics*	9	5
Chemistry OR Physics*	9	5
Algebra III OR Geometry OR Trigonometry OR Higher*	8	4
Algebra II	8	4
Algebra I	8	3
English III (11 th grade English) OR English IV (12 th grade English)*	7	3
English II (10 th grade English)	7	3

* Points will be awarded for **only one** course in each category.

(73 points possible for all eight high school courses)

For the purposes of North Carolina Common Core Integrated Math courses, the following are equivalents under Point System B: Math I = Algebra I, Math II = Geometry, Math III = Algebra II.

Honors, AP, and IB designated courses with grades of A or B will receive one additional point in each category.

Grade points will be valued according to Coastal Carolina Community College's grading scale and will be awarded by the letter grade received on the transcript.

Point System A and Point System B **cannot** be combined. If the applicant is eligible for consideration under both point systems, the higher point total will be used for ranking.

High school equivalency scores will not be used to determine points. Only courses actually completed in high school, for which an applicant received an overall grade for performance, can be utilized to determine points.

Additional Points for Point System B

Dental Hygiene applicants may earn additional points for the following:

- High school class ranking
- Work experience
- Current Dental Assisting National Board certification
- Completion of Health Science or Biomedical Technology
- HESI scores

High School Class Ranking

Applicants are awarded points for their current or final senior year class ranking. There must be at least two students enrolled in the senior class for the year the applicant graduates.

Ranking	Points
1% – 5%	14
6% – 10%	10
11% – 15%	6
16% – 20%	4
21% – 25%	2
26% – 30%	1

Health Science or Biomedical Technology Courses

Applicants who have completed Health Science I and Health Science II **or** Biomedical Technology I and Biomedical Technology II at the high school level, with a B or higher, will be able to earn up to an additional two points. One point will be given for each course taken (two points maximum).

Additional Points for Point Systems A and B

Dental Hygiene applicants may earn additional points for the following:

- Work experience
- Dental Assisting National Board (DANB) Certification
- HESI score

Work Experience

Only work experience as a full-time (32 or more hours per week) chairside dental assistant will be counted. All work experience will be documented through an Employment Verification Form. The applicant will send the form to the dentist(s). The form needs to be faxed or mailed back to the Academic Advisor/Counselor designated for the Dental programs and received by January 26, 2024.

Years of Experience	Points
3 or more	9
2	6
1	3

Dental Assisting National Board (DANB) Certification – 2 points

Applicants must provide documentation of current DANB Certified Dental Assistant certification to the Academic Advisor/Counselor designated for the Dental programs. It is the applicant's responsibility to make sure documentation has been received by the Academic Advisor/Counselor by the deadline.

Health Educational Systems, Inc. (HESI) A² Exam

Students completing the HESI exam on or after August 1, 2021 may receive additional points according to the following table:

Percentage Range	Points
93 – 100	20
85 – 92	15
80 – 84	10
76 – 79	5

= 120 Total Possible Points

Section 2:

Dental Hygiene Program Information

Important Notes

Candidates accepted to the Dental Hygiene Program must attend an orientation/registration meeting.

Candidates accepted to the Dental Hygiene Program must upload the Student Medical Form, dental and eye examination forms, a copy of their American Heart Association CPR card, drug screen, background check, and all required titers and vaccination documentation to the CastleBranch program.

Dental Hygiene students must be aware of the importance of regular class attendance in order to be successful in their classes. Applicants should coordinate doctor appointments and vacations with College holidays and breaks. Also, it is vital to have child care arrangements worked out in advance in case of children's illnesses, teacher work days, etc. If excess absences are accumulated, then a Dental Hygiene student will be dropped from the program in accordance with the attendance guidelines in the *College Catalog*.

Dental Hygiene students are strongly advised to limit the number of hours they are employed in order to maximize their potential for academic success in the Dental Hygiene Program.

Course substitutions must be completed prior to the start of the program. Once a student has started in the Dental Hygiene Program, all Dental Hygiene and related courses not previously completed must be taken as listed in the student's catalog of record. Exceptions must be approved by the Dental Department Head.

Health Care Providers who test positive for Hepatitis or HIV must notify:

Chief, Communicable Disease Control Section
Post Office Box 27687
Raleigh, NC 27611-7687

Dental Hygiene Program Goals

The Dental Hygiene Program goals are detailed below.

1. To provide a student-centered teaching environment that engages the students as active learners.
2. To educate dental hygiene students in the ethical, legal, and competent practice of dental hygiene.
3. To comprehensively prepare students with the knowledge and skills to assess, formulate a dental hygiene diagnosis, plan, implement, and evaluate dental hygiene care for the individual and the community.
4. To prepare dental hygiene graduates who provide patient-centered, comprehensive, evidence-based dental hygiene care.
5. To develop the interpersonal and patient-centered skills to interact effectively with diverse populations.
6. To promote professional growth, scientific inquiry, and an appreciation for lifelong learning.
7. To educate students on current technologies and the skills necessary to adapt to a rapidly changing healthcare system.
8. To engage students in the promotion of dental health ideals through service to the community and involvement with professional organizations.

Scope of Practice for Dental Hygienists

Dental hygienists licensed in the State of North Carolina may perform all functions of a dental hygienist as described by the North Carolina Practice Act.

Dental Hygiene Employment Opportunities

There are a variety of employment opportunities for graduates of the Dental Hygiene Program. These options include, but are not limited to, the following:

- Private practice – general dentistry and specialties contract services for military installations
- State institutions – prison system, public health organizations, special needs organizations
- Supply companies/sales
- Consulting

Dental Hygiene Curriculum Description

The Dental Hygiene curriculum prepares individuals with the knowledge and skills to assess, plan, implement, and evaluate dental hygiene care of the individual and the community.

Students will learn to prepare the operatory, take patient histories, note abnormalities, plan care, teach oral hygiene, clean teeth, take x-rays, apply preventive agents, complete necessary chart entries, and perform other procedures related to dental hygiene care.

Graduates of this program may be eligible to take national and state/regional examinations for licensure which are required to practice dental hygiene. Employment opportunities include dental offices, clinics, schools, public health agencies, industry, and professional education.

Coastal Carolina Community College offers the Dental Hygiene program as an Associate in Applied Science degree. The appropriate course work is listed below.

Academic Regulations

Once accepted in the Dental Hygiene Program, students must meet the following academic standards:

- Maintain grades of C+ (77%) or higher on all dental (DEN prefix) courses. For science courses, students must maintain a grade of C (73%) or higher. For all other related courses, students must maintain a grade of C- (70%) or higher. Students will be disenrolled if requirements are not met.
- Students must complete all the courses no later than the semester they are scheduled in the *College Catalog*. Failure to do so will result in dismissal from the program.
- The possible transfer of Dental (DEN prefix) courses will be evaluated according to written College guidelines. General Education courses in the Dental programs are transferable according to the guidelines of the Comprehensive Articulation Agreement. The transferability of Dental (DEN prefix) courses is at the discretion of the receiving institution.

Readmission/Transfer Procedure

A student requesting consideration for readmission or transfer must have an overall GPA of at least 2.0. The full readmission policy may be found in the current *Dental Hygiene and Dental Assisting Policies and Procedures Manual*.

- Anyone interested in readmission or transfer must contact the Dental Department Head.
- The decision will be made by the Dental Programs Readmission Selection Committee and will only be considered on a space-available basis.

- Applicants should complete FAFSA; North Carolina Student Loan Program for Health, Science, and Mathematics form; Coastal Carolina Community College Foundation scholarship form; and other scholarship forms as soon as possible.
- Applicants should consider other related expenses and issues such as transportation and gas as well as child care and family responsibilities.
- Candidates who are admitted into the Dental Hygiene Program will need a Real ID to participate in clinical rotations aboard Marine Corps Base Camp Lejeune.

Dental Hygiene Program-Related Requirements

Cardiopulmonary Resuscitation

All Dental Hygiene students must be certified in American Heart Association Health Care Provider Level cardiopulmonary resuscitation (CPR) at intervals not to exceed two years. A copy of such certification must be uploaded into the immunization tracker system before the first day of class. Certification must be maintained through graduation. Documentation must be on file for any student who is medically or physically unable to perform such services.

Communicable Disease Statement

Although there are no documented cases of the occupational spread of HIV to dental workers, students enrolled in the Dental Hygiene Program are at a slight risk of exposure to blood and body fluids and the potential does exist for transmission of bloodborne and other infectious diseases during patient care activities. The risk of HIV disease transmission from dental patients to members of the dental team is extremely low. Nevertheless, there is some small potential for this to occur. The Americans with Disabilities Act forbids discrimination against patients with HIV; therefore, students are required to treat all patients assigned, regardless of the disease state of the patient. Refusal to treat any patient may affect the student's academic success.

Students who enter the Dental Hygiene Program will be required to read and sign a Communicable Disease Statement and Waiver of Liability form. This form will become a part of the student's permanent record and will state that the student:

- Has been informed of their risk for exposure to blood and body fluids;
- Understands the potential for transmission of bloodborne diseases during patient care activities; and,
- Agrees to care for all patients that are assigned to them.

The student and a witness must sign the communicable disease statement. Students who are minors must have the form signed by a parent or legal guardian.

Training in Infection Control Procedures

No student will be allowed to deliver patient services in any setting until they have been instructed in infection control (as per OSHA guidelines) and have mastered material on safety and/or universal precautions with satisfactory accuracy. Following mastery of infection control skills and under faculty supervision, each student will be expected to provide services for patients with health deviations, including patients with HIV/HBV and other blood borne/infectious diseases, as part of routine clinical/lab curriculum experiences.

North Carolina State Board Examination

Dental Hygiene students should be aware that the following questions must be answered when completing the North Carolina State Board of Dental Examiners Application for Licensure to Practice Dental Hygiene. The answers to these questions may determine the applicant's eligibility to take the State Board examination. Applicants should contact the Board if they have any questions.

- “Have you ever been summoned, arrested, taken into custody, indicted, convicted or tried for, or charged with, or pleaded guilty to the violation of any law or ordinance or the commission of any felony or misdemeanor (excluding traffic violations), or have you been requested to appear before any prosecuting attorney or investigative agency in any matter? (Include all such incidents no matter how minor the infraction or whether guilty or not.) Although a conviction may have been expunged from the records by order of the court, it nevertheless must be disclosed in your answer to this question.”
- “Within the last ten years, have you been addicted to or received treatment for drugs, alcoholism, or afflicted with a serious communicable disease? If yes, give full details of your treatment.”
- “Have you ever been denied admission to any college or school for cause that reflects adversely on your character?”
- “Have you been dropped, suspended, expelled, or disciplined by any school or college for any cause whatsoever? If yes, please list on a separate sheet of paper the date, school and nature of cause.”
